

Crane Training Schools British Columbia

Crane Training Schools British Columbia - We have designed various programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who requires certification or re-certification, and for inexperienced operator who is seeking work in the business. Crane operator positions are high because of their high pay. Crane operators are amongst the highest paid of whichever operator of heavy machinery.

Our Crane Training Schools include instruction and training for various mobile cranes. Course content comprises Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The Crane Training School program is suitable for supervisors, operators and riggers. Course materials consist of an informative and manual hand-outs. The illustrated safety instruction manual consists of one hundred to two hundred fifty pages, depending on the course, of important and useful material. Course materials comprise load charts and load chart exercises for the crane with which the individual training is working.

More than half of the course includes Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Just licensed journeyman crane instructors are chosen to teach the courses. Our instructors have many years of industry experience.

For all the course we provide, we could include optional testing mechanisms to customize your training. A skills test is generally administered for programs that comprise H.O.S.T. Trainees will be tested and graded.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification.
